BitwiseHacks 2016

Countries by Population Density (UN, 2015)

1

MONACO

25,718

inhabitants/km²

4

HONG KONG

6,654

inhabitants/km²

176

UNITED STATES

33

inhabitants/km²

16,000

tonnes of waste per day

–Lisa Christensen,
founder and CEO of Hong Kong Cleanup

Sadly, we suffer from a serious "pick up after me" mentality, and this simply must change.
